

Clairefontaine Aquapad **NEW**

Clairefontaine's new Aquapad is a high-quality yet economical surface on which to create compelling watercolor artwork. These big chunky pads feature heavyweight 300 gsm natural white paper (no optical brighteners used) with a cold press surface on one side and fine grain surface on the other. The paper is double-sized to provide exceptional wet strength, stability and color vibrancy. Double-sizing enables Aquapad's paper to accept all wet techniques beautifully, without warping or buckling. The surface allows for an easy, even flow of paint, and supports advanced techniques such layering, blending and lifting. New to the U.S. fine-art market, European artists report enthusiastic reviews about Aquapad's cost to value ratio.

• Paper/Color: 300g/White

Description	Reference	Min. Order	List ea.
A5 - 70 Sheets	975720C	3	\$ 18.50
