

# MONTHLY

The Visoplan is the closest thing to a desk calendar that you can put in your pocket. It's staple-bound and it opens vertically. The week goes from Sunday to Saturday. Like the Monthly 21, it includes annual planning pages, but the Monthly 21 is bigger, opens horizontally, goes from Monday to Sunday and features sewn binding, an address book, and pages for budgets, lists, and more. Both planners include sturdy white 90g paper.
